

Introducing

Fibergel Ag

with Gelling Action

Silver compound is co-spun with the alginate ensuring a homogenous dressing

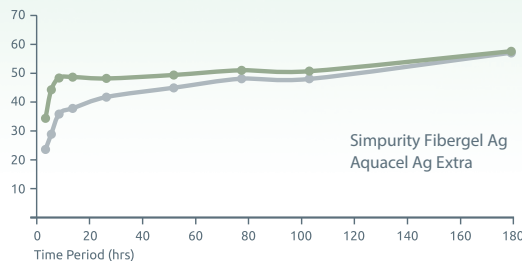

Product Details:

Size	Item#	Box/Case	HCPC
2"x2"	SNS56712	10 bxs/cs	A6196
4"x4"	SNS56744	10 bxs/cs	A6196
4"x4.75"	SNS56716	10 bxs/cs	A6197

Enhanced performance from a next generation silver fibergel dressing

24% faster Silver Elution (PPM) than Aquacel Ag Extra

Within the first 12 hours ¹

KEY FEATURES:

- High silver content - improved antimicrobial performance
- Fast initial silver elution - quickly establishes an effective level of antimicrobial activity
- Sustained silver release - on-going silver ion release allowing antimicrobial effects for up to 7 days
- High wet strength - can be removed intact minimizing discomfort at dressing change

INDICATIONS:

For the management of moderate-to-highly exuding wounds such as:

- Pressure Ulcers
- Leg Ulcers
- Cavity Wounds
- Post operative or trauma wounds

Fibergel Ag

with Gelling Action

Enhanced performance from a next generation silver fibergel dressing

Product Details:
