

Instructions for Use

Sterile Gauze Sponge Wound Dressing

Simpurity™ Gauze Sterile Sponges are ideal for general wound cleansing, debriding, minor prepping, covering and packing into wounds. Each packet contains two (2) sponges of 12 ply 100% USP woven cotton.

Application:

1. Open package and remove the two (2) sponges
2. Clean the wound with sterile cleanser or saline water and wipe with gauze sponge or multiple sponges if needed.
3. Dry the surrounding skin with a sterile gauze sponge

Sterile Gauze Sponge Wound Dressing:

This dressing can be used as a primary dressing covering, if used with medical tape to secure the edges in place.

Changing Frequency:

Dressing change frequency will depend on the patient's condition and the level of exudate.

Indications:

Simpurity™ Sterile Gauze Sponge dressings are indicated for use on all types of wounds for cleaning, prepping and can be used as a primary and secondary wound cover dressing.
