

## Instructions for Safe n Simple Skin Barrier Arc

Protects the skin from trauma caused by repetitive removal of tapes and adhesives

### **Apply underneath the wafer/pouch:**

Create a smooth platform for your pouch

1. Prepare skin by using a Peri-Stomal stoma cleaner and adhesive wipe to provide a clean and dry surface
2. A skin barrier wipe or spray is suggested to protect your skin and let it dry completely
3. Remove the white paper backing from the skin barrier arc
4. Place the skin barrier arc directly on the skin around the stoma
5. Use your fingertips to smooth and press the skin barrier arc onto the skin
6. Apply the ostomy wafer/pouch

### **Apply over the wafer/pouch:**

1. Apply your wafer/pouch in the normal manner
2. Remove the white paper backing from the skin barrier arc
3. Place the skin barrier arc directly around the edges of the wafer or pouch forming a picture frame around the border of the wafer. Use 1-3 arcs
4. Use your fingertips to smooth and press the skin barrier arc around the edges of the wafer to create a secure waterproof seal

**1" Wide - SNS20630 - 30 Arcs/Tray  
2" Wide - SNS21130 - 30 Arcs/Tray  
1/2 Circle - SNS22222 - 20 Arcs/Tray**

**Composition:** Hydrocolloid

**Safe n Simple™**  
Clean. Comfortable. Confident.
